Forest of Arden Hotel and Country Club The Arden Course

Monday 21st June 2010 from 1:00pm

The Arden course is the Forest of Arden's flagship course having held both the British Masters and the English Open among other European Tour Events. Golfing greats including Colin Montgomerie and Ian Woosnam have all laid claim to a tournament victory on this great course. The Par-72 course measures 6,451-yards off the yellow tees, making it a test of length as well as accuracy.

Mature trees lining the fairways and a mixture of water hazards and bunkers threatening to put a black mark on your scorecard at any time make the Arden course at the Forest of Arden a truly rewarding experience for golfers that manage to conquer it.

The Marriott Forest of Arden hotel & Country Club, with its recently completed stunning £5 million refurbishment, is set in the heart of the midlands amongst the rural Warwickshire countryside. The elegant country hotel offers even more pleasure: a blissful Spa, tennis, fitness centre & pool complex. We can arrange accommodation at special rates as part of your golf trip.
